### Eco Day

Our Eco Club organised an Eco Day on Wednesday this week. Everyone had to try to manage without electricity for a day! They also helped the council to plant some new trees along Dussindale Drive - you may have seen a news item about this in the paper. The children, led by their Year 6 members, organised the Eco activities completely independently. Last week they donned their secret agent hats and went about the school making notes about energy wastage - lights or equipment left on, doors left open, etc. On Eco Day we tried to do without electricity for the whole day to remind ourselves how much we normally use it. The plan is then to see if we have become more aware next week, as our energy use is monitored again.

Of course, it was the gloomiest possible day! We all realised how much we rely on electricity, and it made us think about our friends in Zimbabwe who have no electricity in their school. The children are still planning ways to raise money for a generator for Zano Primary (see dates, below).

#### Events coming up...

##### Thursday, 10 May

- Class photos, and
- Breakfast with a Book. Please bring a drink and a picnic breakfast with you - preferably not the spill-prone or crumbly kind! The session will last from 8.30am until 9.15am.

##### Saturday, 19 May

Spring into Summer Fete

##### Wednesday, 20 June

Sports Day, Years 3,4,5 and 6

##### Thursday, 21 June

Sports Day, Years R, 1 and 2

##### Friday, 29 June

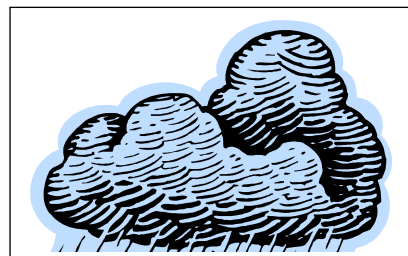

Zano Generator Day

#### Clothes...

Could we ask everyone to check their children's clothes at home to make sure they have returned in their own clothes and not somebody else's - we have some children whose clothes have vanished without trace! Please also help us by regularly reminding children how their clothes are named and to check them before putting them on. Many thanks.

#### Rainy Days

As it looks like the wet weather is set to continue, please send your child in with a waterproof coat and shoes or wellies - then if the rain is not too heavy they can get out for some fresh air. At least the new hedge is thriving!

See overleaf for next year's term dates

Together on a voyage of discovery...
