

Activity

We have been busy getting to know our new class and settling back into school routines. The beginning of the school year is a time to get to know new people but also to remember our school and class code. We have had a good look at our school code and thought about how it makes our school a fun and safe place. Then we worked collaboratively to create our Class Code. We thought about what was important to help establish our class community.

We have also been organising our 'Clean- Up Crew' groups. These groups are important because they help us organise ourselves when jobs need doing. We started by choosing some appropriate categories before voting to decide which one we would use. In Java Class we chose to be named after types of birds. We then got into our groups to think about what we would like to be called. We had to make a second choice too in case another group picked ours! The groups in our class are Bluebirds, Eagles, Kingfishers, Peacocks and Toucans.

We are looking forward to challenges ahead in Year 2!

Helping at home

- You could visit the school website at <http://www.dussindaleprimary.co.uk/page/?title=Behaviour+%26+Discipline&pid=7> and talk about our school code with your family.
- Talk about the rules that you have in your home to make sure that everyone is safe, healthy and happy.
- You could research your group's bird e.g. What does it look like? Where does it live? What does it eat?

Reading at Home

I have read to my child:

My child has shared a book with me:

Parents' Comments
