

# Treasure Chest Book – 18<sup>th</sup> June 2018

**Activity:** Celebrating Eid

**Learning Intention:** Children know about similarities and differences between themselves and others, and among families, communities and traditions.

This week we have been learning about why and how Muslims celebrate Eid. We have watched some clips on Cbeebies following Amirah and her family preparing for and celebrating Eid.

Once we had watched the clips we talked about the similarities and differences between how Muslims celebrate Eid and Christian festivals we know about.

Click on the following link to watch the clips with your child.

<https://www.bbc.co.uk/cbeebies/puzzles/lets-celebrate-eid>

Also this week:

In Maths we have been consolidating our knowledge of 2D and 3D shapes. We are getting used to recognising a sphere, cube, cuboid, cone and cylinder. We have started to talk about the properties of shape including vertices, edge and face.

In phonics we continue to consolidate Phase 4 phonics. In particular reading and writing words with digraphs and trigraphs in them.

## Helping at home:

- Practice writing and answering subtraction number sentences
- What different festivals or occasions do you celebrate as a family? How do you celebrate? Do you know anyone from a different religious background, how do they celebrate festivals or occasions with their families?
